Let's talk about Water!

Water 101

Join us for the 1st of a 3 - part series on water.

This workshop includes the basics of the surface and groundwater resources found in Moab, Spanish, and Castle Valley. It will also include information on water rights that exist in these watersheds followed by a Q & A session!

Featuring: Marc Stilson, Regional Engineer with Utah Division of Water Rights and Arne Hultquist, Grand and San Juan Partnership Coordinator with Moab Area Watershed Partnership
